HOW TO BANKRUPT DOCTORS. A prominent New York physician says "If it were not for the thin stockings and thin soled shoes worn by women the doctors would probably be bankrupt." When you contract a cold do not wait for it to develop into pneumonia, but treat it at once. Chamberlain's Cough Remedy is intended especially for coughs and colds, and has won a wide reputation by its cures of these diseases. It is most effectual and is pleasant and safe to take. For sale by all dealers. (adv) (Dec)

BODY OF GEO. O. BARNES MAY BE BROUGHT TO DANVILLE.

As is well-known, the bodies of the late Geo. O. Barnes and wife are interred at their last home, Sanibel Island, Fla. The Danville Messenger has been told that some friends of the noted and most belt ed evangelist have put a plan on foot to have classes. the bodies exhumed and brought to Danville for interment, the wish of Brother Barnes to that effect having been heard expressed a short time before his death.

No Kentucky evangelist ever accomplished so much good as did this famous old minister. While he was affiliated with no particular church, yet his pleadings had the effect of causing many to place their names on church rolls. With a little organ, he and his daughter, Miss Marie, made sweetest and most appealing music ever heard at an evangelist's meeting. Many of our citizens recall the great interest his meetings caused here, and the melodious hymns sung as only the Barnes' could sing them.

DEAFNESS CANNOT BE CURED

By local applications, as they canear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is nearly always caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumpling sound or impaired hearing, and when it is entirely closed, deafness is the result, and unless the inflammation be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of

the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for con stipation. (Dec.)

EXPRESS COMPANIES HIT HARD BY PARCEL POST

7.84

2.39

4.76

5.30

The effect of the operation of the parcel post is shown in the annual report of the Connecticut Public Utilities Commission, made public a few days ago at Hartford, Conn. Every express company reporting to the commission shows a falling off in receints. In one instance the decrease in operating income was \$89,872. A year of general prosperity for public service corporations is indicated, however, by the report, in an increase of nearly \$3,000,000 in dividends of such corporations for the year. -Rev. J. S. Simms was a guest of

friend in Maysville, last Thursday.

"A FEW MORE LEFT!"

The Pittsburg newspapers announce the death in that city of "the last but three" of General Sheridan's famous scouts during the latter's campaign in the Shanandoah Valley. That is a wise clause to insert—"the last but three." Anybody who would undertake to bury the last of those scouts would receive news in a short time. A London newspaper printed a story only ten days ago of the death of the last survivor of the Light Brigade, and survivors began to be heard from all over the British empire.

FRITZI SCHEFF MARRIES AGAIN

Fritzi Scheff, light opera singer. was married on Wednesday at New Rochelle to George Anderson, her leading man and manager, according to a published announcement made. The singer has been married twice previously, each time obtaning a divorce. Her second husband was John Fox, the novelist, who formerly lived in this city.

WHY CHEW EITHER?

Enough is spent on chewing gum every year to buy three battleships, but think how much more satisfactory it is than chewing the rag.

FARM CROP SHOW

Annual Meeting Will Be Held In Lexington From Jan. Fifth to Tenth.

6.02 FARMERS' WEEK ALSO

The premium list of the Fourth Annual Farmers' Crops Show of the Kentucky Corn Growers' Association which will be held at the College of 2nd, subscription to "Inland Farmer;" Agriculture, Lexington, January 5-10, 3rd, ribbon. is as follows:

IMMENSE CROP VALUES.

The total value of crops harveste in the United States during 1913 now estimated officially at \$4,946 940,000, exceeding the yield of 19/2 by \$200,000,000, and that of 1911 by \$350,000,000. These figures are suffi-cient to show that any reardation of business cannot be blamed on insufficient crops. Nor can it be bamed on "politics." The outlook for 1911 is bright and those who embrace the op portunities are those who Those who sit back and croak will be left behind.
